ABOUT FLORAL ELIXIR CO.

Nora Egger's idea to launch her business came from a decade working internationally in recruitment and consulting as well as her personal travels around the world since childhood.

Becoming fascinated in the importance botanicals play in the culinary world, inspired her to change career paths. Already a passionate cook, Nora decided to use the knowledge from her travels to create a line of floral drink enhancers.

Upon her return to Cleveland in 2009, she experimented with recipes in her parents' kitchen and launched the original 4 'Floral Elixirs'. Today, her line features 14 bold, vibrant flavors.

Originally from Vienna, Austria, Nora divides her time between Europe and the US to find new flavors and to design her limited-edition gift packaging reflecting her European roots in the Viennese Art Deco movement.

"Please enjoy our Floral Elixirs and discover
the joy of drinking your flowers!"

A handwritten signature in blue ink that reads "Nora Egger". The signature is fluid and cursive, with the first name "Nora" and the last name "Egger" clearly distinguishable.
